

CAREER OPPORTUNITY: JUNIOR/INTERMED. HYDROGEOLOGIST

Active Earth Engineering Ltd. is a dynamic multi-disciplinary engineering firm that has completed over 2,500 projects across southwestern BC. Our primary disciplines include environmental and contaminated sites, physical hydrogeology and geotechnical engineering.

We were formed in 2007 by a small group of like-minded engineers and geoscientists who wanted to create a unique consulting firm. We genuinely enjoy working together and love what we do. We have grown into a team of over 20, including hydrogeologists, engineers, project scientists, technicians and professional support staff with offices in Abbotsford, Burnaby and Victoria.

We offer competitive salaries, an extended medical and dental benefits plan, an industry-leading profit-sharing program, and an energetic and collaborative working environment.

We are currently seeking a **Junior/Intermediate Hydrogeologist** for our Abbotsford office. This presents an exciting opportunity to work directly with and be mentored by highly experienced and well-respected professionals in the field of hydrogeology.

This team member will provide field and technical support for a range of projects and clients, mainly in the Lower Mainland region. You will have an opportunity to work in areas related to: aquifer characterization, production well design and testing, environmental impact assessments, on-site sewerage disposal, stormwater infiltration, construction dewatering, groundwater-surface water interaction, water licensing, groundwater modeling, contaminant fate and transport, etc.

The successful candidate will have:

- A bachelor's degree in geological engineering or geological sciences
- Registration or eligibility for registration as a P.Geo./P.Eng. in BC
- 1 to 5 years of academic, industry or consulting experience in hydrogeology
- Some knowledge of hydrology/small water supply systems/water treatment
- Freedom / mobility to travel to job sites to conduct field work, meet with clients, etc.
- A demonstrated ability/aptitude to:
 - work independently in keeping with project objectives and time /budget constraints
 - manage multiple tasks effectively and utilize team resources
 - communicate clearly in English, both oral and written
 - direct contractors in a sound, safe, and respectful manner at a job site

Interested applicants should submit a resume and cover letter to employment@activeearth.ca. Any questions may be directed to Matt Pye at matt.pye@activeearth.ca or 250-686-9850.
